**NATIONAL REPORTS**

Adopted by the Conference of the Parties at its 14th Meeting (Samarkand, February 20

*Recalling* Resolutions 4.1, 6.5, and 9.4,

*Emphasizing* the important role of national reports as vital indicators of the implementation of the Convention,

*Noting* the importance for such reports to be submitted at least six months before any given meeting of the Conference of the Parties, to allow the Secretariat to prepare a meaningful synthesis,

*Reminding* Parties of the necessity of timely submission of their reports before the meetings of the Conference of the Parties to enable a thorough synthesis to be prepared,

*Aware of* the difficulties experienced by some Governments in the compilation and development of national reports,

*Aware* that many Parties to the Convention have not submitted national reports for each reporting cycle or have not submitted information in sufficient detail,

*Recognizing* that a standard format for national reports would provide a useful structure for organizing the information received, and would facilitate its incorporation in a comprehensive database,

*Acknowledging* the need to ensure consistency and best practice in the compilation of national reports, containing the best available information and scientific knowledge,

*Noting* the importance of harmonizing reporting procedures across all biodiversity instruments, especially the Agreements and Memoranda of Understanding related to the Convention, thereby increasing collaboration between convention secretariats,

*Underlining* that reporting should be kept concise and focused, avoid duplication and be outcome orientated so that there is more time for the implementation of conservation measures,

*Noting* the progress made by the CMS Secretariat since COP8 in amending the national reporting format,

*Welcoming* the development of online reporting, which should make significant advances both in the reporting process and harmonization of reports within the CMS Family,

*Recognizing* the need for an evaluation of implementation based, in part, on a synthesis of all previous national reports, and

*Recognizing* the opportunity to use national reports and the associated synthesis to promote the objectives of the Convention and its implementation at the local and national level, and to national and international governmental and non-governmental organizations,

*The Conference of the Parties to the Convention on the Conservation of Migratory Species of Wild Animals*
